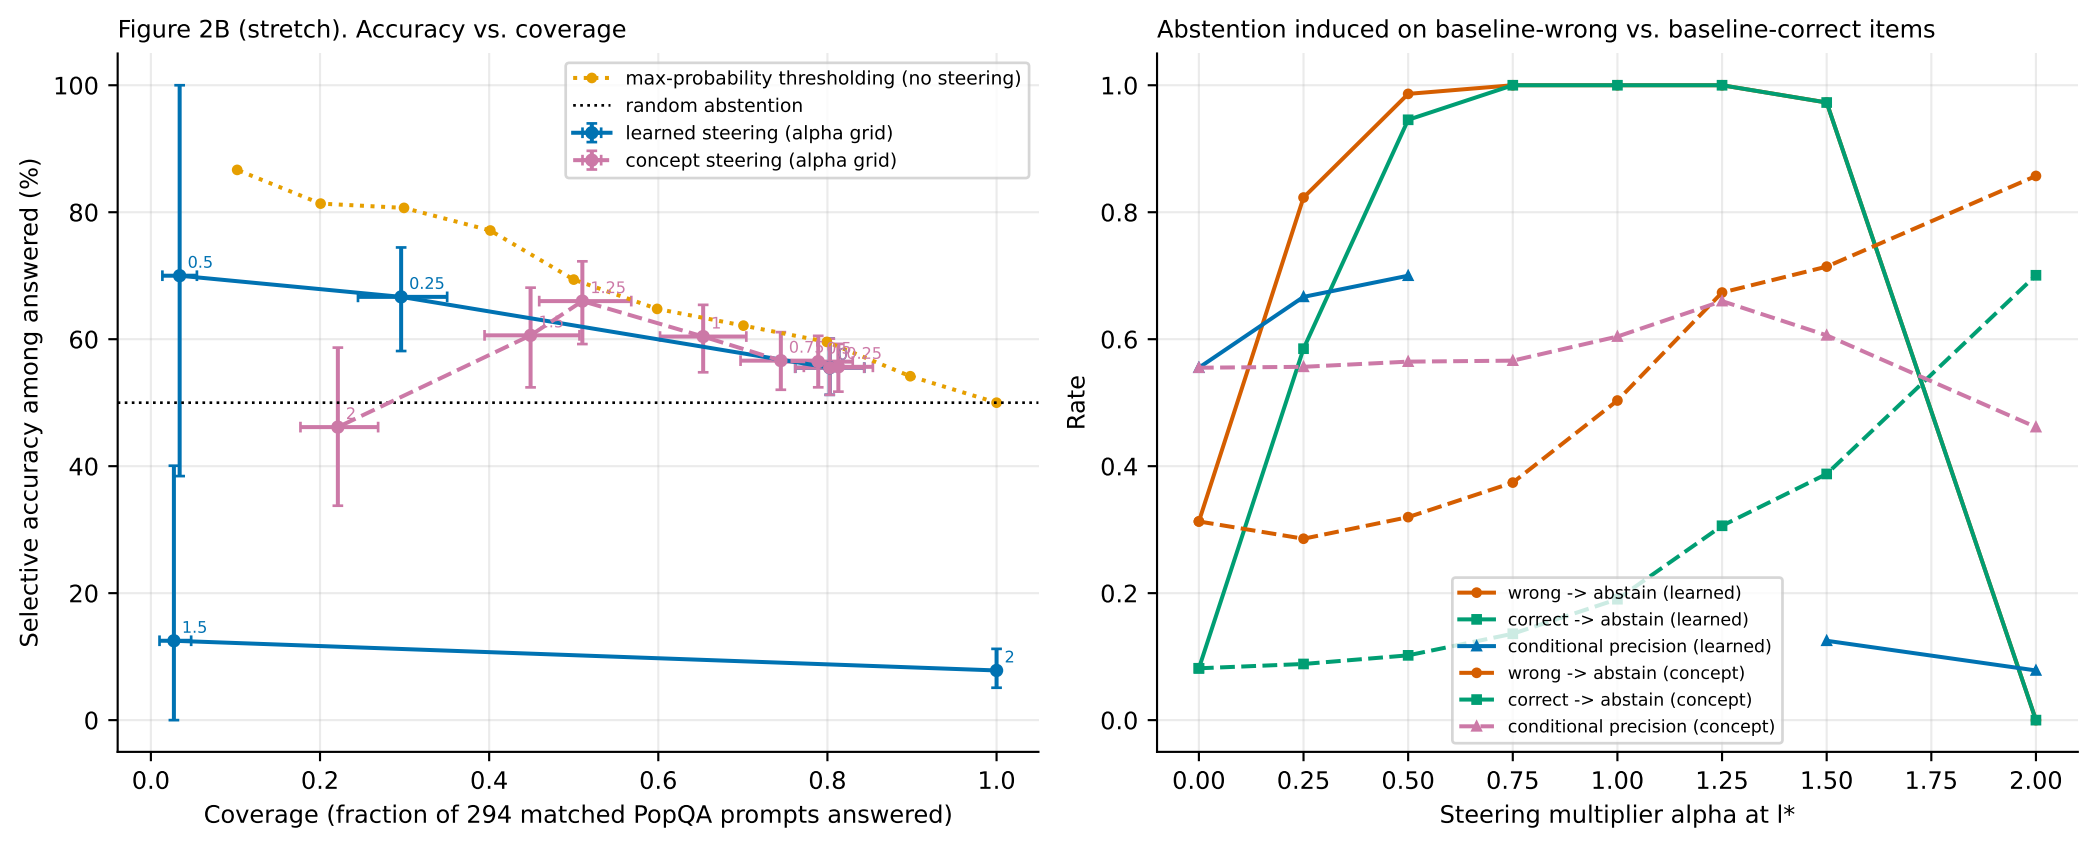

Figure 2B (stretch). Accuracy vs. coverage
max-probability thresholding (no steering)
random abstention
learned steering (alpha grid)
concept steering (alpha grid)
Selective accuracy among answered (%)
Coverage (fraction of 294 matched PopQA prompts answered)
Abstention induced on baseline-wrong vs. baseline-correct items
wrong -> abstain (learned)
correct -> abstain (learned)
conditional precision (learned)
wrong -> abstain (concept)
correct -> abstain (concept)
conditional precision (concept)
Rate
Steering multiplier alpha at l*
